EDUCATION

SB2024/HB2017 **Lead contamination testing in schools.**

Sponsors: Sen. Akbari, Raumesh , Rep. Lamar, London

Summary: Requires the department of education with assistance from the department of health, not local boards of education, to develop and implement a program to test water in public schools, public charter schools, and child care programs for lead contamination. Lowers the level of contamination required for removal of water source from 20 parts per billion to 15 parts per billion. If the results exceed 15 parts per billion then parents and guardians must be notified within 24 hours, rather than 5 days.

Fiscal Note: (Dated March 2, 2020) NOT SIGNIFICANT
