2. SB1492
Akbari R. **ENVIRONMENT & NATURE: Persons who withdraw 10,000 or more gallons of water per day.** Requires those who withdraw 10,000 or more gallons of water per day to respond to an emergency to provide written notice to the director of the water resources division within 90 days of the withdraw. Broadly captioned.
Amendment Summary: Senate Energy, Agriculture & Natural Resources Committee amendment 1 (005375) deletes all language after the enacting clause. Directs the Tennessee Advisory Commission on Intergovernmental Relations (TACIR) to conduct a study of the following: (1) Impacts on the hydrology and water volume of the Memphis Sands Aquifer, and any other impacts on the environment of the geographic area in which the aquifer is located, resulting from withdrawals of water from the aquifer made by persons who individually pump more than 200,000 gallons from the aquifer per day; (2) The economic cost of mitigating and/or eliminating any adverse impacts identified under the aforementioned; (3) The feasibility of Shelby County imposing a conservation fee on persons who individually pump more than 200,000 gallons from the aquifer per day to offset any costs identified under subdivision (a)(2), including an estimated fee amount based on the number of persons expected to pay the fee and a rate of aquifer water use; and (4) The feasibility and benefits of requiring that an aquifer impact study be conducted prior to the approval of any application for an aquatic resource alteration permit, or for modification of an existing aquatic resource alteration permit. Requires all state departments and agencies to assist TACIR with the study. Requires TACIR to submit a report disclosing the findings of the study and recommendations, including any proposed legislation or interim reports, to the General Assembly no later than December 31, 2022.
