

does your community know?

we don't *make* messes.
we **CLEAN** them up.

we protect our planet.

because
we know

quality water 
= **quality**  of **life**

WE PROTECT OUR COMMUNITIES.

OUR WORK MAKES *PLAY* POSSIBLE!

Clean Water
Professionals
of Kentucky & Tennessee

it starts with us.

- Do the citizens of your community understand what we do?
- How are you making an effort to improve the public perception of the water sector?
- What are some specific avenues you could utilize to engage and educate your community about water?
